MANAGEMENT DISCUSSION AND ANALYSIS REPORT

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

I. INDUSTRY STRUCTURE AND DEVELOPMENT:

The year witnessed a highly dynamic situation of our Country; India must be consistent in regaining its position as a leading emerging market investment destination. This can only be possible if consistency and clarity continues in our policies.

Corporate Merchant Bankers Limited is an NBFC and is engaged mainly in the business of providing loans and advances to various Corporates. The main objective of the Company is to finance Industrial Enterprises by way of making loans and advances to industrial enterprises in India and to carry out all such activities as may be ancillary to the achievement of main objectives of the Company. The industry structure relevant to the Company's operations is mainly concerned with the capital market.

Indian economy is going through a period of rapid 'financial liberalization'. The NBFC sector is undergoing a significant transformation at present and has come to be recognized as an important element of the financial system. Today, the 'intermediation' is being conducted by a wide range of financial institutions through a plethora of customer friendly financial products. RBI has been setting right its regulatory and supervising policies from time to time to keep pace with the changes in the economic environment. The segment consisting of NBFCs, such as equipment leasing/hire purchase finance, providing loans and investment to other companies, etc. have made great strides in recent years and are meeting the diverse financial needs of the economy. They are being recognized as complementary to the banking sector due to their customer-oriented services, simplified procedures, attractive rates of return on deposits, flexibility and timeliness in meeting the credit needs of specified sector.

Your Company's performance for the year 2019-20 has to be viewed in the context of aforesaid economic and market environment.

II. OPPORTUNITIES AND THREATS:

The sector uses the loans for various business activities ranging from the business of hire Purchase Company and to acquire, to provide on all type hire purchase basis of industrial and official plant, equipment machinery, vehicles, Agriculture, Handicrafts, Trading, Services, Shops, Livestock, and Production to others. As banks are unable to appraise the credit requirements of the micro and small businesses they are unable to extend credit facilities with collateral security. The banking system will not be able to meet this demand and a wide gap exists giving the Company an opportunity to grow in its financing of Small Business/ Industrial Loans. Major threat faced by Corporate Merchant Bankers Limited would be circumstances of not being able to raise funds for its future business operations.

III. SEGMENT-WISE PERFORMANCE:

The Company is engaged in a single segment i.e. finance/lending. Details of performance have been provided in this report.

IV. OUTLOOK:

Corporate Merchant Bankers Limited expects to improve its performance in financial year 2019-20 and hopes to grow at rate faster than the growth of bank credit. The approach would be to continue with the growth momentum while balancing risk. The Company will continue to invest in strengthening risk management practices; and in maintaining its investment in human resources to consolidate its position as a potentially big NBFC in India.

V. RISK MANAGEMENT:

Risk Management is an integral part of our Company's business strategy. A dedicated team is a part of the management processes governed by the senior management team. This team reviews compliance with risk policies, monitors risk tolerance limits, reviews and analyzes risk exposure related to specific issues and provides oversight of risk across the organization. The team nurtures a healthy and independent risk management function to avoid any kind of misappropriations in the Company. As part of the Risk Management framework, the management of Credit Risk, Market Risk, Operational Risk and Fraud Risk are placed under the Head – Risk. The Credit Risk management structure includes separate credit policies and procedures for various businesses. The risk policies define prudential limits, portfolio criteria, exceptional approval metrics, etc. and cover risk assessment for new product offerings. Concentration Risk is managed by analyzing counter-party, industry sector, geographical region, single borrower and borrower group. Retail Finance credit approval is based on product / programs and monitoring is primarily done at the portfolio level across products and programs. Casual analysis is carried out and corrective actions are implemented on key risk indicators. A Senior Management oversight committee meets periodically to review the operational risk profile of the organization. Fraud risks are mitigated through a fraud risk management team.

VI. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company's internal control system is designed to ensure operational efficiency, protection and conservation of resources, accuracy and promptness in financial reporting and compliance with laws and regulations. The internal control system is supported by an internal audit process for reviewing the adequacy and efficiency of the Company's internal controls, including its systems and processes and compliance with regulations and procedures. Internal Audit Reports are discussed with the Management and are reviewed by the Audit Committee of the Board which also reviews the adequacy and effectiveness of the internal controls in the Company. The Company's internal control system is commensurate with the size, nature and operations of the Company.

VII. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE.

The financial performance of the Company during the year under reference was reasonably good. For detailed information, please refer to Directors' Report, which forms part of this Annual Report.

VIII. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/ INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED:

We recognize people as our most valuable asset and we have built an open, transparent and meritocratic culture to nurture this asset. Talent Management is a key people planning tool that provides an integrated means of identifying, selecting, developing and retaining top talent within our Organization. Attrition has been managed well and has been below industry benchmarks. Corporate Merchant Bankers Limited has kept a sharp focus on Employee Engagement. We follow 360 degree feedback to ensure the satisfaction of our people. We have a strong system of grievance handling too. No concern of our people goes without addressing. We strive for excellence by thriving on Corporate Merchant Bankers Limited's positivity. As on March 31, 2021, total number of employee on the pay roll of the Company is Two (2).

STANDALONE FINANCIAL STATEMENTS

**INDEPENDENT AUDITORS REPORT TO THE MEMBERS OF CORPORATE MERCHANT
BANKERS LIMITED**

Report on the Financial Statements

We have audited the accompanying financial statements of **Corporate Merchant Bankers Limited** (“the Company”) which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss and the Cash Flow Statement for the year ended on that date and a summary of significant accounting policies and other explanatory information.

Management’s Responsibility for the Financial Statements

The Company’s Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have considered the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order under Section 143 (11) of the Act.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor

considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its Profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of sub-section (11) of section 143 of the Companies Act, 2015, we give in the "Annexure A" a statement on the matters specified in paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by section 143 (3) of the Act, we report that:
 - (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) in our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement comply with the Accounting Standards notified specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- (e) On the basis of written representations received from the directors as on March 31, 2021, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021, from being appointed as a director in terms of sub-section (2) of section 164 of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

Annexure A to Independent Auditors' Report for the year ended March 31, 2021

(Referred to in Paragraph 1 under the Heading of "Report on Other Legal and Regulatory Requirements" of our Report of even date)

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of accounts and other records examined by us in the normal course of audit, we report that:

- i. In respect of fixed assets:
 - a) The Company is maintaining proper records showing full particulars including quantitative details and situation of its fixed assets.
 - b) The Fixed assets have been physically verified by the management during the year and no material discrepancies were identified on such verification. In our opinion, the frequency of verification of the fixed assets is reasonable having regard to the size of the Company and the nature of its assets.
 - c) According to the information and explanations given to us, there is no immovable property held by the company, accordingly the provisions of Clause (i) (c) of paragraph 3 of the Order are not applicable to the Company.
- ii. In respect of Inventories:
 - a) Physical verification of inventory has been conducted by the management at reasonable intervals. In our opinion, the frequency of verification is reasonable.
 - b) The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the company and nature of its business.
 - c) The Company has maintained proper records of inventories. As per the information and explanation given to me, no material discrepancies were noticed on physical verification.
- iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnership or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. Accordingly the provisions of clause iii (a) to (c) of paragraph 3 of the Order are not applicable to the Company and hence not commented upon.

- iv. According to the information and explanations given to us, the Company has not given any loan to Directors or persons connected with them as per the provisions mentioned in section 185 of the companies Act, 2013. Company has made investments in other bodies corporate and complied the provisions of section of 186 of the Companies Act, 2013.
- v. In respect of public deposit:
According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Section 73 to 76 of the Companies Act, 2013 and the rules framed there-under. Therefore the provisions of Clause (v) of paragraph 3 of the Order are not applicable to the Company.
- vi. In respect of cost records:

Having regard to the nature of the Company's business / activities, reporting under clause (vi) of the Order is not applicable to the Company.
- vii. In respect of statutory dues:
 - a) According to the information and explanations given to us and on the basis of our examination of the books of account, the Company has generally been regular in depositing its undisputed statutory dues including Provident Fund, Employees State insurance, income-tax, Sales-Tax, Wealth Tax, Service tax, duty of Custom, duty of Excise, value added tax, cess and Entertainment Tax etc. There are no undisputed dues payable, outstanding as on March 31, 2021 for a period of more than six months from the date they became payable.
 - b) According to the information and explanations given to us, there are no amounts in respect of income tax, service tax etc. that have not been deposited with the appropriate authorities on account of any dispute.
- viii. The Company has not taken any loans from financial institutions, Banks, Government or through debentures during the audit period.
- ix. The company has not raised money by way of initial Public offer or further public offer (including debt instruments) and term loans during the year under audit.
- x. According to the information and explanations given to us, no fraud on or by the Company has been noticed or reported during the year.
- xi. In our opinion and according to the information and explanations given to us, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V of the Act.

- xii. As explained, the company is not a Nidhi company. Therefore the provisions of Clause (xii) of paragraph 3 of the Order is not applicable to the Company.
- xiii. In our opinion and according to the information and explanations given to us the Company is in compliance with Sections 177 and 188 of the Act, to the extent applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- xiv. During the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of the Order is not applicable to the Company.

Annexure B to Independent Auditors' Report for the year ended March 31, 2021

(Referred to in Paragraph 2(f) under the Heading of "Report on Other Legal and Regulatory Requirements" of our Report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Corporate Merchant Bankers Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021 based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

**NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST MARCH, 2021**

1. Corporate information:

Corporate Merchant Bankers Limited (hereinafter referred to as 'Company') was incorporated under the Companies Act, 1956 on 26th August 1994 by the name of 'Corporate Merchant Bankers Private Limited' in the state of Delhi. Subsequently on 26th December 1994, the company has been converted from private limited company to public limited company.

The Company is registered with the Reserve Bank of India as a Non-Deposit Accepting-Non-Banking Financial Company (NBFC) vide registration no.14.00060 dated 14th February,1998.

It is listed on the Bombay Stock Exchange and Metropolitan Stock Exchange of India (MSEI)

The registered office is located at UG-24, Vishwadeep Tower, District Centre, Janak Puri, New Delhi, 110058

2. Significant Accounting Policies

2.1 Presentation of financial statements:

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ('Ind AS') notified under section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto.

a) Basis of Preparation:

Ministry of Corporate Affairs (MCA) vide its notification dated 30 March 2016, mandated, listed Non-Banking Financial Companies (NBFCs) having net worth less than rupees five hundred crore to comply with the Indian Accounting Standards (Ind AS) in preparation of their financial statements and quarterly financial results for the accounting periods beginning on or after 1 April 2019 with effective transition date of 1 April 2018.

The Company presents its financial statements to comply with Division III of Schedule III to the Companies Act, 2013 (which provides general instructions for the preparation of financial statements of a non-banking financial company (NBFC to comply with Ind AS) and the requirements of Ind AS. Further, MCA has amended Schedule III to the Companies Act, 2013 (the 'Act'). Vide the amendment, a new division viz., 'Division III' financial statement format has been introduced for NBFCs effective 11 October 2018.

These financial statements have been prepared and presented on a going concern basis, under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below.

The financial statements do not provide disclosures where the information resulting from that disclosure is not material. However, the financial statements provide disclosures of all items required by law even if the information resulting from that disclosure is considered to be not material. The financial statements are authorised for issue by the Board of Directors of the Company at their meeting held on 19th June, 2021.

b) Current versus non-current classification

The Company presents its Balance Sheet in order of liquidity. The Company generally reports financial assets and financial liabilities on a gross basis in the Balance Sheet. They are offset and reported net only when Ind AS specifically permits the same or it has an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event. Similarly, the Company offsets incomes and expenses and reports the same on a net basis when permitted by Ind AS specifically unless they are material in nature.

c) Use of Estimates and judgment

The preparation of financial statements, in conformity, with the Ind AS requires the management to make judgement, estimates and assumptions about the carrying amount of assets and liabilities, revenue and expenses, contingent liabilities and the accompanying disclosures, as of the date of the financial statements, that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant and are prudent and reasonable. Actual results may differ from those estimates. The estimates and underlying assumptions are reviewed on ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if revision affects only that period or in the period of revision and future periods if the revision affects both current and future periods.

The few critical estimations and judgments made in applying accounting policies are:

i. Income Taxes:

Significant judgement is required in determining the amount for income tax expenses. There are many transactions and positions for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome is different from the amount that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

ii. Impairment of Non-financial Assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An assets recoverable amount is higher of assets or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other asset or group of assets. Where carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered as impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flow are discounted to their present value using pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators. iii. Impairment of Financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

iv. Fair Value Measurement of Financial Instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

v. Deferred Tax

Recognition of deferred tax assets Availability of future taxable profit against which the tax losses carried forward can be used.

vi. Recognition and Measurement of Provisions and Contingencies

Key assumptions about the likelihood and magnitude of an outflow of resources.

2.2 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company recognises a financial asset or financial liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

Financial assets:

A financial asset inter-alia includes any asset that is cash, equity instrument of another entity and a financial liability or equity instrument of another entity. The Company recognises a financial asset or financial liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

Initial recognition and measurement

All financial assets are recognised initially at fair value including transaction costs that are attributable to the acquisition of financial assets except in the case of financial assets recorded at FVTPL where the transaction costs.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified in three categories:

- Financial asset measured at amortised cost
- Financial asset at fair value through OCI
- Financial assets at fair value through profit or loss

Financial assets measured at amortised cost

Financial assets are measured at amortised cost if the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows are solely payments of principal and interest on the principal amount outstanding. These financial assets are amortised using the effective interest rate (EIR) method, less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss in finance costs.

Financial assets at fair value through OCI (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. At initial recognition, an irrevocable election is made (on an instrument-by-instrument basis) to designate investments in equity instruments other than held for trading purpose at FVTOCI. Fair value changes are recognised in the other comprehensive income (OCI). However, the Company recognises interest income, impairment losses and reversals and foreign exchange gain or loss in the income statement. On derecognition of the financial asset other than equity instruments, cumulative gain or loss previously recognised in OCI is reclassified to income statements.

Financial assets at fair value through profit or loss (FVTPL)

Any financial asset that does not meet the criteria for classification as at amortised cost or as financial assets at fair value through other comprehensive income, is classified as financial assets at fair value through profit or loss. Further, financial assets at fair value through profit or loss also include financial assets held for trading and financial assets designated upon initial recognition at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets at fair value through profit or loss are fair valued at each reporting date with all the changes recognised in the Statement of profit and loss.

De-recognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralized borrowing for the proceeds receivables.

Impairment of financial assets

The Company assesses impairment based on expected credit loss (ECL) model on the following:

- Financial assets that are measured at amortised cost.
- Financial assets measured at fair value through other comprehensive income (FVTOCI)

ECL is measured through a loss allowance on a following basis:-

- The 12 month expected credit losses (expected credit losses that result from all possible default events on the financial instruments that are possible within 12 months after the reporting date)
- Full life time expected credit losses (expected credit losses that result from all possible default events over the life of financial instruments)

The company follows 'simplified approach' for recognition of impairment on trade receivables or contract assets resulting from normal business transactions. The application of simplified approach does not require the Company to track changes in credit risk. However, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, from the date of initial recognition.

For recognition of impairment loss on other financial assets, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has increased significantly, lifetime ECL is provided. For assessing increase in credit risk and impairment loss, the Company assesses the credit risk characteristics on instrument-by-instrument basis.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

Impairment loss allowance (or reversal) recognised during the period is recognised as expense/income in the statement of profit and loss.

Financial liabilities and equity:

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial liabilities

The Company's financial liabilities include loans and borrowings including trade payables, accrued expenses and other payables.

Initial Recognition and measurement

All financial liabilities at initial recognition are classified as financial liabilities at amortised cost or financial liabilities at fair value through profit or loss, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. Any difference between the proceeds (net of transaction costs) and the fair value at initial recognition is recognised in the Statement of Profit and Loss or in the "Expenditure Attributable to Construction" if another standard permits inclusion of such cost in the carrying amount of an asset over the period of the borrowings using the effective rate of interest.

Subsequent measurement

After initial recognition, all financial liabilities are subsequently measured at amortised cost using the EIR.

Any gains or losses arising on derecognition of liabilities are recognised in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged/cancelled/expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and liabilities are offset and net amount is reported if there is currently enforceable legal right to offset the recognised amounts and there is intention to settle on a net basis, to realise assets and settle the liabilities simultaneously.

Functional and Presentation Currency

The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.

2.3 Share Capital and share premium:

Ordinary shares

Proceeds from issuance of ordinary shares are classified as share capital in equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction net of tax from the proceeds. Par value of the equity share is recorded as share capital and the amount received in excess of the par value is classified as share premium.

2.4 Cash Flows and Cash and Cash Equivalents:

Statement of cash flows is prepared in accordance with the indirect method prescribed in the relevant Ind AS. For the purpose of presentation in the statement of cash flows, Cash and cash equivalents include cash on hand, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value

2.5 Income tax

Income tax expense represents the sum of tax currently payable and deferred tax. Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to the items recognised directly in equity or in other comprehensive income.

Current Income Tax:

Current tax includes provision for Income Tax computed under special provision (i.e. Minimum Alternate Tax) or normal provision of Income Tax Act provisions. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities on the basis of estimated taxable Income. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred Tax:

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and their corresponding tax bases (known as temporary differences). Deferred tax liabilities are recognised for all temporary differences that are expected to increase taxable profit in the future.

Deferred tax assets are recognised for all temporary differences that are expected to reduce taxable profit in the future, and any unused tax losses or unused tax credits. Deferred tax assets are measured at the highest amount that, on the basis of current or estimated future taxable profit, is more likely than

not to be recovered. The net carrying amount of deferred tax assets is reviewed at each reporting date and is adjusted to reflect the current assessment of future taxable profits. Any adjustments are recognised in profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the taxable profit (tax loss) of the periods in which it expects the deferred tax asset to be realised or the deferred tax liability to be settled, on the basis of tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred Tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to the income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

In the event of unabsorbed depreciation or carry forward of losses under tax laws, deferred tax assets are recognized to the extent that it is probable that sufficient future taxable income will be available to realise such assets.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised.

2.6 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before the revenue is recognised.

Interest Income:

Interest income on financial assets measured at amortised cost is recognised on time proportion basis, using effective interest method. Interest on financial assets subsequently measured at fair value through profit or loss (FVTPL) is recognised at the contractual rate of interest.

2.7 Earnings per Share:

Basic Earnings per share is computed by dividing the profit from continuing operations and total profits, both attributable to equity share holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per share are computed using the weighted average number of equity and dilutive equivalent shares outstanding during the period, except where the results would be anti-dilutive.

2.8 Provisions, contingent liabilities, contingent assets:

Provisions are recognised when the Company has a present or constructive obligation as a result of past events, when it is probable (i.e. more likely than not) that an outflow of resources embodying economic benefits will be required to settle the obligation, and when a reliable estimate of the amount can be made. Provisions are reviewed at the end of each financial reporting period and adjusted to reflect the current best estimate. When the Company expects some or all of the provision to be reimbursed, the reimbursement is recognised as a standalone asset only when the reimbursement is virtually certain.

Where effect of the time value of money is material, the provision is the present value of the estimated expenditure required to settle the obligation.

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence of one or more uncertain future events not wholly within the control of the Company. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial information. When a change in the probability of an outflow occurs so that the outflow is probable, it will then be recognised as a provision.

A contingent asset is a probable asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain events not wholly within the control of the Company. The Company does not recognise contingent assets but discloses their existence where inflows of economic benefits are probable, but not virtually certain.

Provisions for onerous contracts are recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for onerous contracts are measured at the present value of lower of the expected net cost of fulfilling the contract and the expected cost of terminating the contract.

21. Fair Values-

The management assessed that Fair Values of Financial Assets and Liabilities are approximately their carrying values.

22. Financial Instruments - Accounting Classifications and Fair Value Measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Principles for Estimating Fair Value

The following summarizes the major methods and assumptions used in estimating the fair values of financial instruments reflected in the table.

Fair Value Hierarchy-

Financial instruments carried at fair value, by valuation method at 31st March, 2021 at the different levels have been defined as follows:

Level 1:

Category includes financial assets and liabilities that are measured in whole or in significant part by reference to published quotes in an active market.

Level 2:

Category includes financial assets and liabilities measured using a valuation technique based on assumptions that are supported by prices from observable current market transactions. These include assets and liabilities for which pricing is obtained via pricing services, but where prices have not been determined in an active market, financial assets with fair values based on broker quotes and assets that are valued using the Company's own valuation models whereby the material assumptions are market observable. The majority of Company's over-the-counter derivatives and several other instruments not traded in active markets fall within this category.

Level 3:

Category includes financial assets and liabilities measured using valuation techniques based on non-market observable inputs. This means that fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. However, the fair value measurement objective remains the same, that is, to estimate an exit price from the perspective of the Company. The main asset classes in this category are unlisted equity investments as well as unlisted funds.

The carrying amount of debt securities, other financial liabilities, loans, other financial assets, cash and cash equivalents as at 31st March, 2021, 31st March, 2020 and 1st April, 2019 are considered to the same as fair values, due to their short- term nature. These are classified as Level 3 fair value hierarchy due to inclusion of unobservable inputs including counter party credit risk.

23. Risk management objectives and policies

A. Financial risk management

The Company's activities are exposed to a variety of market risk (including interest risk), credit risk and liquidity risk. The Company's overall financial risk management policy focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

i. Market Risk

Market rate is the risk that arises from changes in market prices, such as prices, interest rates etc. and will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimising returns.

ii. Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimise and manage the Company's interest rate risk,

iii. Liquidity Risk

Liquidity risk arises from the Company's management of working capital. It is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due.

Company's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities when they become due. The principal liabilities of the Company arise in respect of the trade and other payables. Trade and other payables are all payable within 12 months. The Company manages liquidity risk by maintaining adequate surplus, by continuously monitoring forecasts and actual cash flows.

The Company has a system of regularly forecasting cash inflows and outflows and all liquidity requirements are planned. Forecast for trade and other payables is regularly monitored to ensure timely funding. All payments are made within due dates.

The Board receives cash flow projections on a regular basis as well as information on cash balances.

iv. Capital Risk Management

The Company manages its capital to ensure that the Company will be able to maintain an optimal capital structure so as to support its businesses and maximise shareholder value.

v. The Company does not have any foreign currency exposures.

24. Details of dues to Micro, Small and Medium Enterprises as per MSMED Act, 2006 –

Under the Micro, Small and Medium Enterprises Development Act, 2006, which came into force from 2nd October, 2006, certain disclosures are required to be made relating to such enterprises. The Company has no suppliers covered under the MSMED Act. The same has been determined to the extent such parties have been identified on the basis of information available with the company. Other information/disclosures relating to payments made beyond the appointed date, interest accrued and paid and cumulative interest are not applicable being Nil.

25. Segment reporting-

The company is engaged only in the business of providing financial services and accordingly there are no separate reportable segments as per IND AS- 108 on 'Operating Segment'.

26. As per the current assessment of the Company, no material impact is expected due to COVID-19 on the carrying values of assets and liabilities at the year ended 31st March 2021. The Company has taken into consideration external and internal information for developing various assumption for assessing the fair value of assets and liabilities, the impact whereof may differ from the estimates taken as on the date of approval of financial statements. Any changes due to the changes in situation and circumstances will be taken into consideration if necessary, as and when it materialises.

CONSOLIDATED FINANCIAL STATEMENTS

INDEPENDENT AUDITORS REPORT ON CONSOLIDATED FINANCIAL STATEMENT

To The Members
CORPORATE MERCHANT BANKERS LIMITED

Report on Consolidated Financial Statements

We have audited the accompanying financial statements of **M/s Corporate Merchant Bankers Limited** (“the Holding Company”) and its 100% subsidiary M/s Solis Industries Limited (the Holding Company and its subsidiary together referred to as “the Group”) comprising of the Consolidated Balance Sheet as at 31st March, 2021, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

Management’s Responsibility for the Financial Statements

The Holding Company’s Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as “the Act”) that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor’s Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2021, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

As required by section 143 (3) of the Act, we report that:

- (i) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (ii) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (iii) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (iv) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (v) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2021 taken on record by the Board of Directors of the Holding Company, none of the directors of the Group companies incorporated in India is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- (vi) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in 'Annexure A'.
- (vii) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- a) The Group has disclosed impact of pending litigation in Notes on Financial Statements under 'Commitments and contingent liabilities not provided for in respect of disputed matters'.
- b) The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
- c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group.

Annexure A to Independent Auditors' Report for the year ended March 31, 2021
(Referred to in Paragraph 2(f) under the Heading of "Report on Other Legal and Regulatory Requirements" of our Report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the Internal Financial Controls over financial reporting of Corporate Merchant Limited ('the Holding Company') as of 31 March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date. We have obtained and relied on a report on the Internal Financial Controls over Financial Reporting issued by the Statutory Auditors of the Company's subsidiaries (the Holding Company and the Subsidiary companies hereafter together referred to as 'the group')

Management's Responsibility for Internal Financial Controls

The Group's Management is responsible for establishing and maintaining Internal Financial Controls based on "the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Group's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Group's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Group's internal financial control over financial reporting includes those policies and procedures that

- i. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the group;
- ii. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the group are being made only in accordance with authorisations of management and directors of the group; and
- iii. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the group's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Group considering the essential components of Internal Financial Control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST MARCH, 2021**

1. Corporate information:

Corporate Merchant Bankers Limited (hereinafter referred to as 'Company') was incorporated under the Companies Act, 1956 on 26th August 1994 by the name of 'Corporate Merchant Bankers Private Limited' in the state of Delhi. Subsequently on 26th December 1994, the company has been converted from private limited company to public limited company.

The Company is registered with the Reserve Bank of India as a Non-Deposit Accepting-Non-Banking Financial Company (NBFC) vide registration no.14.00060 dated 14th February,1998.

It is listed on the Bombay Stock Exchange and Metropolitan Stock Exchange of India (MSEI)

The registered office is located at UG-24, Vishwadeep Tower, District Centre, Janak Puri, New Delhi, 110058

2. Significant Accounting Policies

2.1 Presentation of financial statements:

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ('Ind AS') notified under section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto.

a) Basis of Preparation:

Ministry of Corporate Affairs (MCA) vide its notification dated 30 March 2016, mandated, listed Non-Banking Financial Companies (NBFCs) having net worth less than rupees five hundred crore to comply with the Indian Accounting Standards (Ind AS) in preparation of their financial statements and quarterly financial results for the accounting periods beginning on or after 1 April 2019 with effective transition date of 1 April 2018.

The Company presents its financial statements to comply with Division III of Schedule III to the Companies Act, 2013 (which provides general instructions for the preparation of financial statements of a non-banking financial company (NBFC) to comply with Ind AS) and the requirements of Ind AS. Further, MCA has amended Schedule III to the Companies Act, 2013 (the 'Act'). Vide the amendment, a new division viz., 'Division III' financial statement format has been introduced for NBFCs effective 11 October 2018.

These financial statements have been prepared and presented on a going concern basis, under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below.

The financial statements do not provide disclosures where the information resulting from that disclosure is not material. However, the financial statements provide disclosures of all items required by law even if the information resulting from that disclosure is considered to be not material. The financial statements are authorised for issue by the Board of Directors of the Company at their meeting held on 19th June, 2021.

b) Current versus non-current classification

The Company presents its Balance Sheet in order of liquidity. The Company generally reports financial assets and financial liabilities on a gross basis in the Balance Sheet. They are offset and reported net only when Ind AS specifically permits the same or it has an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event. Similarly, the Company offsets incomes and expenses and reports the same on a net basis when permitted by Ind AS specifically unless they are material in nature.

c) Use of Estimates and judgment

The preparation of financial statements, in conformity, with the Ind AS requires the management to make judgement, estimates and assumptions about the carrying amount of assets and liabilities, revenue and expenses, contingent liabilities and the accompanying disclosures, as of the date of the financial statements, that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant and are prudent and reasonable. Actual results may differ from those estimates. The estimates and underlying assumptions are reviewed on ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if revision affects only that period or in the period of revision and future periods if the revision affects both current and future periods.

The few critical estimations and judgments made in applying accounting policies are:

i. Income Taxes:

Significant judgement is required in determining the amount for income tax expenses. There are many transactions and positions for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome is different from the amount that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

ii. Impairment of Non-financial Assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An assets recoverable amount is higher of assets or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other asset or group of assets. Where carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered as impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flow are discounted to their present value using pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators. iii. Impairment of Financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

iv. Fair Value Measurement of Financial Instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

v. Deferred Tax

Recognition of deferred tax assets Availability of future taxable profit against which the tax losses carried forward can be used.

vi. Recognition and Measurement of Provisions and Contingencies

Key assumptions about the likelihood and magnitude of an outflow of resources.

2.2 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company recognises a financial asset or financial liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

Financial assets:

A financial asset inter-alia includes any asset that is cash, equity instrument of another entity and a financial liability or equity instrument of another entity. The Company recognises a financial asset or financial liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

Initial recognition and measurement

All financial assets are recognised initially at fair value including transaction costs that are attributable to the acquisition of financial assets except in the case of financial assets recorded at FVTPL where the transaction costs.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified in three categories:

- Financial asset measured at amortised cost
- Financial asset at fair value through OCI
- Financial assets at fair value through profit or loss

Financial assets measured at amortised cost

Financial assets are measured at amortised cost if the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows are solely payments of principal and interest on the principal amount outstanding. These financial assets are amortised using the effective interest rate (EIR) method, less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss in finance costs.

Financial assets at fair value through OCI (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. At initial recognition, an irrevocable election is made (on an instrument-by-instrument basis) to designate investments in equity instruments other than held for trading purpose at FVTOCI. Fair value changes are recognised in the other comprehensive income (OCI). However, the Company recognises interest income, impairment losses and reversals and foreign exchange gain or loss in the income statement. On derecognition of the financial asset other than equity instruments, cumulative gain or loss previously recognised in OCI is reclassified to income statements.

Financial assets at fair value through profit or loss (FVTPL)

Any financial asset that does not meet the criteria for classification as at amortised cost or as financial assets at fair value through other comprehensive income, is classified as financial assets at fair value through profit or loss. Further, financial assets at fair value through profit or loss also include financial assets held for trading and financial assets designated upon initial recognition at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets at fair value through profit or loss are fair valued at each reporting date with all the changes recognised in the Statement of profit and loss.

De-recognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralized borrowing for the proceeds receivables.

Impairment of financial assets

The Company assesses impairment based on expected credit loss (ECL) model on the following:

- Financial assets that are measured at amortised cost.
- Financial assets measured at fair value through other comprehensive income (FVTOCI)

ECL is measured through a loss allowance on a following basis:-

- The 12 month expected credit losses (expected credit losses that result from all possible default events on the financial instruments that are possible within 12 months after the reporting date)
- Full life time expected credit losses (expected credit losses that result from all possible default events over the life of financial instruments)

The company follows 'simplified approach' for recognition of impairment on trade receivables or contract assets resulting from normal business transactions. The application of simplified approach does not require the Company to track changes in credit risk. However, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, from the date of initial recognition.

For recognition of impairment loss on other financial assets, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has increased significantly, lifetime ECL is provided. For assessing increase in credit risk and impairment loss, the Company assesses the credit risk characteristics on instrument-by-instrument basis.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

Impairment loss allowance (or reversal) recognised during the period is recognised as expense/income in the statement of profit and loss.

Financial liabilities and equity:

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial liabilities

The Company's financial liabilities include loans and borrowings including trade payables, accrued expenses and other payables.

Initial Recognition and measurement

All financial liabilities at initial recognition are classified as financial liabilities at amortised cost or financial liabilities at fair value through profit or loss, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. Any difference between the proceeds (net of transaction costs) and the fair value at initial recognition is recognised in the Statement of Profit and Loss or in the "Expenditure Attributable to Construction" if another standard permits inclusion of such cost in the carrying amount of an asset over the period of the borrowings using the effective rate of interest.

Subsequent measurement

After initial recognition, all financial liabilities are subsequently measured at amortised cost using the EIR.

Any gains or losses arising on derecognition of liabilities are recognised in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged/cancelled/expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and liabilities are offset and net amount is reported if there is currently enforceable legal right to offset the recognised amounts and there is intention to settle on a net basis, to realise assets and settle the liabilities simultaneously.

Functional and Presentation Currency

The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.

2.3 Share Capital and share premium:

Ordinary shares

Proceeds from issuance of ordinary shares are classified as share capital in equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction net of tax from the proceeds. Par value of the equity share is recorded as share capital and the amount received in excess of the par value is classified as share premium.

2.4 Cash Flows and Cash and Cash Equivalents:

Statement of cash flows is prepared in accordance with the indirect method prescribed in the relevant Ind AS. For the purpose of presentation in the statement of cash flows, Cash and cash equivalents include cash on hand, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value

2.5 Income tax

Income tax expense represents the sum of tax currently payable and deferred tax. Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to the items recognised directly in equity or in other comprehensive income.

Current Income Tax:

Current tax includes provision for Income Tax computed under special provision (i.e. Minimum Alternate Tax) or normal provision of Income Tax Act provisions. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities on the basis of estimated taxable Income. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred Tax:

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and their corresponding tax bases (known as temporary differences). Deferred tax liabilities are recognised for all temporary differences that are expected to increase taxable profit in the future.

Deferred tax assets are recognised for all temporary differences that are expected to reduce taxable profit in the future, and any unused tax losses or unused tax credits. Deferred tax assets are measured at the highest amount that, on the basis of current or estimated future taxable profit, is more likely than not to be recovered. The net carrying amount of deferred tax assets is reviewed at each reporting date and is adjusted to reflect the current assessment of future taxable profits. Any adjustments are recognised in profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the taxable profit (tax loss) of the periods in which it expects the deferred tax asset to be realised or the deferred tax liability to be settled, on the basis of tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred Tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to the income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

In the event of unabsorbed depreciation or carry forward of losses under tax laws, deferred tax assets are recognized to the extent that it is probable that sufficient future taxable income will be available to realise such assets.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised.

2.6 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before the revenue is recognised.

Interest Income:

Interest income on financial assets measured at amortised cost is recognised on time proportion basis, using effective interest method. Interest on financial assets subsequently measured at fair value through profit or loss (FVTPL) is recognised at the contractual rate of interest.

2.7 Earnings per Share:

Basic Earnings per share is computed by dividing the profit from continuing operations and total profits, both attributable to equity share holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per share are computed using the weighted average number of equity and dilutive equivalent shares outstanding during the period, except where the results would be anti-dilutive.

2.8 Provisions, contingent liabilities, contingent assets:

Provisions are recognised when the Company has a present or constructive obligation as a result of past events, when it is probable (i.e. more likely than not) that an outflow of resources embodying economic benefits will be required to settle the obligation, and when a reliable estimate of the amount can be made. Provisions are reviewed at the end of each financial reporting period and adjusted to reflect the current best estimate. When the Company expects some or all of the provision to be reimbursed, the reimbursement is recognised as a standalone asset only when the reimbursement is virtually certain.

Where effect of the time value of money is material, the provision is the present value of the estimated expenditure required to settle the obligation.

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence of one or more uncertain future events not wholly within the control of the Company. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial information. When a change in the probability of an outflow occurs so that the outflow is probable, it will then be recognised as a provision.

A contingent asset is a probable asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain events not wholly within the control of the Company. The Company does not recognise contingent assets but discloses their existence where inflows of economic benefits are probable, but not virtually certain.

Provisions for onerous contracts are recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for onerous contracts are measured at the present value of lower of the expected net cost of fulfilling the contract and the expected cost of terminating the contract.

21. Fair Values-

The management assessed that Fair Values of Financial Assets and Liabilities are approximately their carrying values.

22. Financial Instruments - Accounting Classifications and Fair Value Measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Principles for Estimating Fair Value

The following summarizes the major methods and assumptions used in estimating the fair values of financial instruments reflected in the table.

Fair Value Hierarchy-

Financial instruments carried at fair value, by valuation method at 31st March, 2021 at the different levels have been defined as follows:

Level 1:

Category includes financial assets and liabilities that are measured in whole or in significant part by reference to published quotes in an active market.

Level 2:

Category includes financial assets and liabilities measured using a valuation technique based on assumptions that are supported by prices from observable current market transactions. These include assets and liabilities for which pricing is obtained via pricing services, but where prices have not been determined in an active market, financial assets with fair values based on broker quotes and assets that are valued using the Company's own valuation models whereby the material assumptions are market observable. The majority of Company's over-the-counter derivatives and several other instruments not traded in active markets fall within this category.

Level 3:

Category includes financial assets and liabilities measured using valuation techniques based on non-market observable inputs. This means that fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. However, the fair value measurement objective remains the same, that is, to estimate an exit price from the perspective of the Company. The main asset classes in this category are unlisted equity investments as well as unlisted funds.

The carrying amount of debt securities, other financial liabilities, loans, other financial assets, cash and cash equivalents as at 31st March, 2021, 31st March, 2020 and 1st April, 2019 are considered to the same as fair values, due to their short-term nature. These are classified as Level 3 fair value hierarchy due to inclusion of unobservable inputs including counter party credit risk.

23. Risk management objectives and policies

A. Financial risk management

The Company's activities are exposed to a variety of market risk (including interest risk), credit risk and liquidity risk. The Company's overall financial risk management policy focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

i. Market Risk

Market rate is the risk that arises from changes in market prices, such as prices, interest rates etc. and will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimising returns.

ii. Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimise and manage the Company's interest rate risk,

iii. Liquidity Risk

Liquidity risk arises from the Company's management of working capital. It is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due.

Company's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities when they become due. The principal liabilities of the Company arise in respect of the trade and other payables. Trade and other payables are all payable within 12 months. The Company manages liquidity risk by maintaining adequate surplus, by continuously monitoring forecasts and actual cash flows.

The Company has a system of regularly forecasting cash inflows and outflows and all liquidity requirements are planned. Forecast for trade and other payables is regularly monitored to ensure timely funding. All payments are made within due dates.

The Board receives cash flow projections on a regular basis as well as information on cash balances.

iv. Capital Risk Management

The Company manages its capital to ensure that the Company will be able to maintain an optimal capital structure so as to support its businesses and maximise shareholder value.

v. The Company does not have any foreign currency exposures.

24. Details of dues to Micro, Small and Medium Enterprises as per MSMED Act, 2006 –

Under the Micro, Small and Medium Enterprises Development Act, 2006, which came into force from 2nd October, 2006, certain disclosures are required to be made relating to such enterprises. The Company has no suppliers covered under the MSMED Act. The same has been determined to the extent such parties have been identified on the basis of information available with the company. Other information/disclosures relating to payments made beyond the appointed date, interest accrued and paid and cumulative interest are not applicable being Nil.

25. Segment reporting-

The company is engaged only in the business of providing financial services and accordingly there are no separate reportable segments as per IND AS- 108 on 'Operating Segment'.

26. As per the current assessment of the Company, no material impact is expected due to COVID-19 on the carrying values of assets and liabilities at the year ended 31st March 2021. The Company has taken into consideration external and internal information for developing various assumption for assessing the fair value of assets and liabilities, the impact whereof may differ from the estimates taken as on the date of approval of financial statements. Any changes due to the changes in situation and circumstances will be taken into consideration if necessary, as and when it materialises.
