FORWARD LOOKING STATEMENT/ DISCLAIMER

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospect and take informed investment decisions. This Report and other statements - written and oral - that we periodically make, contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance.

We cannot guarantee that these forward-looking statements will be realized, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind.

We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

NOTICE

NOTICE IS HEREBY GIVEN THAT THE 49TH ANNUAL GENERAL MEETING (AGM) OF THE SHAREHOLDERS OF KABIRDAS INVESTMENTS LIMITED WILL BE HELD ON THURSDAY, THE 21ST DAY OF SEPTEMBER, 2023 AT 03:00 P.M. THROUGH VIDEO CONFERENCING (VC)/OTHER AUDIO-VISUAL MEANS (OAVM) & ANNUAL REPORT FOR THE FINANCIAL YEAR 2022-23.

AS ORDINARY BUSINESS

To consider and if thought fit, to pass with or without modification(s), the following resolution as **Ordinary Resolution.**

1. To consider and adopt (a) the audited financial statement of the Company for the financial year ended March 31, 2023 and the reports of the Board of Directors and Auditors thereon; and (b) the audited consolidated financial statement of the Company for the financial year ended March 31, 2023 and the report of Auditors thereon and in this regard, pass the following resolutions as Ordinary Resolutions:
 - (a) **“RESOLVED THAT** the audited standalone financial statement of the Company for the financial year ended March 31, 2023 and the reports of the Board of Directors and Auditors thereon laid before this meeting, be and are hereby considered and adopted.”
 - (b) **“RESOLVED THAT** the audited consolidated financial statement of the Company for the financial year ended March 31, 2023 and the report of Auditors thereon laid before this meeting, be and are hereby considered and adopted.”
2. To appoint a director in place of Ms. Nupur Mehta (DIN-08687047) who retires by rotation and being eligible, offers herself for re-appointment.

“RESOLVED THAT pursuant to the provisions of Section 152 of the Companies Act, 2013, Ms. Nupur Mehta (DIN-08687047) who retires by rotation at this meeting be and is hereby re-appointed as a Director of the Company and that her period of office be liable to determination by retirement of Directors by rotation”

3. To ratify the appointment of Statutory Auditors and to fix their remuneration and in this regard to consider and if thought fit, to pass, with or without modification(s), the following resolution as an Ordinary Resolution:

The provisions regarding annual ratification of the appointment of auditor as specified under section 139(1) was omitted by Section 40 of the Companies Amendment Act, 2017 read with Notification S.O. 1833(E) dated and effective from 7th May 2018. Therefor the amendment makes it clear that ratification of the appointment of the Statutory Auditor at every AGM is now not required anymore.

AS SPECIAL BUSINESS

FORM NO MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2023

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration to Managerial Personnel) Rules, 2014]

To,
The Members,
Kabirdas Investments Limited,
Azimganj House, Unit no 3B,
5th floor, 7, Camac Street,
Kolkata-700017.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by KABIRDAS INVESTMENTS LIMITED (hereinafter called “the Company” having CIN: **L65993WB1974PLC157598**). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms, returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2023 complied with the statutory provisions listed hereunder and also the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company digitally for the financial year ended on 31st March, 2023 according to the provisions of:

- i) The Companies Act, 2013 (the Act) and the rules made thereunder;

Management Discussion and Analysis (Forming part of this report)

1. Economic Outlook i.e., Global Economy and Indian Economy

In general, global economic shocks in the past were severe but spaced out in time. This changed in the third decade of this millennium. At least three shocks have hit the global economy since 2020. It all started with the pandemic-induced contraction of the global output, followed by the Russian-Ukraine conflict leading to a worldwide surge in inflation. Then, the central banks across economies led by the Federal Reserve responded with synchronised policy rate hikes to curb inflation. The rate hike by the US Fed drove capital into the US markets causing the US Dollar to appreciate against most currencies. This led to the widening of the Current Account Deficits (CAD) and increased inflationary pressures in net importing economies. The rate hike and persistent inflation also led to a lowering of the global growth forecasts for 2022 and 2023 by the IMF in its October 2022 update of the World Economic Outlook. The frailties of the Chinese economy further contributed to weakening the growth forecasts. Slowing global growth apart from monetary tightening may also lead to a financial contagion emanating from the advanced economies where the debt of the non-financial sector has risen the most since the global financial crisis. With inflation persisting in the advanced economies and the central banks hinting at further rate hikes, downside risks to the global economic outlook appear elevated.

The Indian economy, however, appears to have moved on after its encounter with the pandemic, staging a full recovery in FY22 ahead of many nations and positioning itself to ascend to the pre-pandemic growth path in FY23. Yet in the current year, India has also faced the challenge of reining in inflation that the European strife accentuated. Measures taken by the government and RBI, along with the easing of global commodity prices, have finally managed to bring retail inflation below the RBI upper tolerance target in November 2022. However, the challenge of the depreciating rupee, although better performing than most other currencies, persists with the likelihood of further increases in policy rates by the US Fed. The widening of the CAD may also continue as global commodity prices remain elevated and the growth momentum of the Indian economy remains strong. The loss of export stimulus is further possible as the slowing world growth and trade shrinks the global market size in the second half of the current year.

Despite these, agencies worldwide continue to project India as the fastest-growing major economy at 6.5-7.0 per cent in FY23. These optimistic growth forecasts stem in part from the resilience of the Indian economy seen in the rebound of private consumption seamlessly replacing the export stimuli as the leading driver of growth. The uptick in private consumption has also given a boost to production activity resulting in an increase in capacity utilisation across sectors.

The rebound in consumption was engineered by the near-universal vaccination coverage overseen by the government that brought people back to the streets to spend on contact-based services, such as restaurants, hotels, shopping malls, and cinemas, among others. The world's second-largest vaccination drive involving more than 2 billion doses also served to lift consumer sentiments that may prolong the rebound in consumption. Vaccinations have facilitated the return of migrant workers to cities to work in construction sites as the rebound in consumption spilled over into the housing market. This is evident in the housing market witnessing a significant decline in inventory overhang to 33 months in Q3 of FY23 from 42 months last year.

The Capital Expenditure (Capex) of the central government, which increased by 63.4 per cent in the first eight months of FY23, was another growth driver of the Indian economy in the current year, crowding in the private Capex since the January-March quarter of 2022. On current trend, it appears that the full year's capital expenditure budget will be met. A sustained increase in private Capex is also imminent with the strengthening of the balance sheets of the Corporates and the consequent increase in credit financing it has been able to generate. A much-improved financial health of well-capitalised public sector banks has positioned them better to increase the credit supply. Consequently, the credit growth to the Micro, Small, and Medium Enterprises (MSME) sector has been remarkably high, over 30.6 per cent, on average during Jan-Nov 2022, supported by the extended Emergency Credit Linked Guarantee Scheme (ECLGS) of the Union government. The increase in the overall bank credit has also been influenced by the shift in borrower's funding choices from volatile bond markets, where yields have increased, and external commercial borrowings, where interest and hedging costs have increased, towards banks. If inflation declines in FY24 and if real cost of credit does not rise, then credit growth is likely to be brisk in FY24.

India's economic growth in FY23 has been principally led by private consumption and capital formation. It has helped generate employment as seen in the declining urban unemployment rate and in the faster net registration in Employee Provident Fund. Still, private capex soon needs to take up the leadership role to put job creation on a fast track. Recovery of MSMEs is proceeding apace, as is evident in the amounts of Goods and Services Tax (GST) they pay, while the Emergency Credit Linked Guarantee Scheme (ECLGS) is easing their debt servicing concerns. The Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS) has been directly providing jobs in rural areas and indirectly creating opportunities for rural households to diversify their sources of income generation. Schemes like PM-Kisan and PM Garib Kalyan Yojana have helped in ensuring food security in the country, and their impact was also endorsed by the United Nations Development Programme (UNDP)¹. The results of the National Family Health Survey (NFHS) also show improvement in rural welfare indicators from FY16 to FY20, covering aspects like gender, fertility rate, household amenities, and women empowerment.

Global growth has been projected to decline in 2023 and is expected to remain generally subdued in the following years as well. The slowing demand will likely push down global commodity prices and improve India's CAD in FY24. However, a downside risk to the Current Account Balance stems from a swift recovery driven mainly by domestic demand and, to a lesser extent, by exports. The CAD needs to be closely monitored as the growth momentum of the current year spills over into the next. Growth is expected to be brisk in FY24 as a vigorous credit disbursement, and capital investment cycle is expected to unfold in India with the strengthening of the balance sheets of the corporate and banking sectors. Further support to economic growth will come from the expansion of public digital platforms and path-breaking measures such as PM GatiShakti, the National Logistics Policy, and the Production-Linked Incentive schemes to boost manufacturing output.

2. Industry Structure and Developments

NBFCs have become important constituents of the financial sector and have been recording higher credit growth than scheduled commercial banks (SCBs) over the past few years. NBFCs are continuously leveraging their superior understanding of regional dynamics, well-developed collection system and personalised services to expedite financial inclusion in India. Lower transaction costs, quick decision making, customer orientation and prompt provision of services have typically differentiated NBFCs from banks. Considering the reach and expanse of NBFCs, these are well suited for bridging the financing gap. Systemically important NBFCs have demonstrated agility, innovation and frugality to provide formal financial services to millions of Indians. Over the last decade, NBFCs have witnessed phenomenal growth. From being around 12% of the balance sheet size of banks in 2010, these are now more than a quarter of the size of banks. NBFCs are the largest net borrowers of funds from the financial system with gross payables of ₹ 9.37 lakh crore as of 30 September 2020. The disruption in business was most severe for NBFCs and HFCs who registered a negative growth of 25% on a year-on-year basis for the period ended December 2020 versus a growth of 47% for the period ended December 2019. Your Company operates in only one segment that is investment Segment and its main business is acquisition / sale of shares, stock, bonds, etc.

3. Opportunities

The success of any organization depends on its ability to identify strengths and opportunism and leverage them while mitigating the risk that arise while conducting the business. Your Company has taken all these factors into account in drawing up its plan for the future without losing its sight for its core market segments. The NBFC sector has been providing credit to customers in the underserved and unbanked areas. NBFC is integral to the Indian Financial system, augmenting competition and diversification in the financial sector and complementing the banking system. Channelings the savings in capital formation, necessary for India's economic growth and development. There is vast opportunities for NBFC sector to grow. However, your Company operates in only the investment Segment and. its main business is acquisition of shares, stock, bonds, etc. Although Investment Segment is also effected by COVID-19 pandemic as developed in the last quarter of last Financial year, we hope that there will be opportunities for growth till the situations caused by COVID19 is stabilized. India Ratings (Ind-Ra) has maintained stable outlook on retail non-banking finance company (NBFC) for 2021-22.

4. Threat

The key threats for our businesses include volatility of stock market, Liquidity crises created by some of the big corporate players in NBFC sector like IL& FS and DHFL and currency volatility. Besides these, current COVID-19 crisis is also a threats to the business to the NBFC sector. Although, COVID-19 pandemic has resulted in short-term disruptions in the industry in almost all sectors, we hope, long-term drivers, remain good and expect continued expansion of the business activity.

5. Risk & Concern

Risks and concerns are inherent in any business. NBFCs have been already facing liquidity crisis following the bankruptcy of IL&FS and DHFL & Reliance capital during the year 2018-19. The continuing liquidity crunch faced by non-banking financial companies is likely to result in increasing bad loans risks for banks both from these shadow banks as well as from companies relying on such lenders for funding. The spillover of stress among NBFCs to borrowers, and ultimately to banks, will hinder improvements in banks' asset quality, profitability and capital, which is credit negative.

However, your Company does not have direct impact of these defaults in NBFC sector as it operates in only Investment segment. But indirectly it is effected by down turn negative segment in stock market. The other risks that is related to our Company are RBI policies, industry performance and the general economic outlook of the country.

6. Internal Control System

The Company has well defined and adequate internal control system to safeguard all assets and ensure operational excellence. These systems are being regularly reviewed and wherever necessary are modified or redesigned to ensure better efficiency and effectiveness. The systems are subjected to supervision by the Board of Directors and the Audit Committee. Company complies with all applicable statutes, policies, procedures, listing requirements and management guidelines.

7. Human Resource / Industrial Relations

Human resource is considered as key to the future growth strategy of the Company and looks upon to focus its efforts to further align human resource policies and processes to meet its business needs. The Company aims to develop the potential of every individual associated with the Company as a part of its business goal. Respecting the experienced and mentoring the young talent has been the bedrock for the Company's growth. Human resources are the principal drivers of change. They push the levers that take futuristic businesses to the next level of excellence and achievement.

8. Cautionary Statement:

The report may contain "forward looking statement" that describes our objectives, plan or goals. All these forward looking statements are subject to certain risks and uncertainties including but not limited to Government action, economic development, global and domestic demand-supply conditions, finished goods prices, raw materials etc that could cause the actual results to differ materially from those contemplated by the relevant forward looking statements. The Company assumes no responsibility in respect of the forward looking statements herein which may undergo changes in future on the basis of subsequent developments, information or events

The second advance estimates of national income for FY2022 released by the Central Statistics Office on 28 February 2022 expect GDP growth in FY2022 to be 8.9%. Sectoral growth estimates show that all three sectors — agriculture, manufacturing, and services — grew well. In absolute terms, the economic output of all the three sectors crossed the pre-pandemic levels of FY2020. RBI in its monetary policy report dated 8 April 2022 projected a real GDP growth of 7.2% for the financial year 2022-23 (FY2023).

Although private consumption expenditure barely crossed the pre-pandemic levels, growth of government consumption expenditure and gross fixed capital formation made up for the muted private consumption expenditure. GST collection is a good indicator to assess country's growth and economic recovery, it increased by over 30% in FY2022 to ₹ 14.83 lakh crore, indicating revival and growth momentum.

The Government of India announced a growth oriented and expansionary budget for the FY2023 with a strong push on investments to lift economic growth. The compounded annual growth rate for capital expenditure of FY2023 over FY2020 is projected at 28% while revenue expenditure is contained at 12%. The budget's expectation is that such capex-led growth would take India on a growth path even at the cost of a fiscal deficit of 6.4% in FY2023, coming on top of 6.8% in FY2022.

Unfortunately, the conflict in Ukraine has led to chaos in global commodity markets. Crude prices are oscillating between USD100 to USD120 posing a threat to India's economic recovery. How increased commodity prices will unfold is yet to be seen. What is sure, however, is that there will be a considerable impact on inflation which was already a cause of concern.

Inflation has emerged as a global challenge owing to the surge in energy prices, non-food commodities, input prices disruptions of global supply chains and rising freight costs. In India, retail inflation measured by the Consumer Price Index (CPI) edged up to 6.95% in March 2022 from 5.66% in December 2021. The food group registered a significant decline in prices primarily on account of vegetables, meat and fish, edible oils, and fruits. Fuel inflation eased in December 2021 but remained in double digit and remains a serious cause of worry.

We have audited the accompanying standalone financial statements of **Kabirdas Investments Limited** ('the Company'), which comprise the Balance Sheet as at 31 March 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its loss (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Our Reference.....

5. We have determined that there are no key audit matters to communicate in our report.

Information other than the Financial Statements and Auditor's Report thereon

6. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

7. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
8. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

9. Those Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
11. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation;
 - Obtain sufficient appropriate audit evidence regarding the financial information/financial statements of the Company to express an opinion on the financial statements. {We are responsible for the direction, supervision and performance of the audit of financial statements of the Company and such branches included in the financial statements, of which we are the independent auditors.
- 12.** We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 13.** We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

Annexure B to the Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. In conjunction with our audit of the financial statements of KABIRDAS INVESTMENTS LIMITED ("the Company") as of and for the year ended 31st March 2023, we have audited the internal financial controls over financial reporting (IFCoFR) of the company of as of that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal financial controls over financial reporting issued by ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

- 6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

- 7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

- 8. In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2023, based the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

Notes to the Standalone Financial Statements for the year ended 31st March, 2023

1. COMPANY OVERVIEW

Kabirdas Investments Limited ('the Company') is a public limited company incorporated and domiciled in India and has its registered office at Azimganj House, 7 Camac Street, Unit No 3B, 5th Floor, Kolkata 700017. The company is engaged in the business of investments and financing. The company has its primary listings on Metropolitan Stock Exchange of India Limited and Calcutta Stock Exchange Limited.

The Company is registered as Non-Systematically Important, Non-Deposit taking Non-Banking Financial Company ('NBFC') as defined under Section 45-IA of the Reserve Bank of India Act, 1934.

In accordance with the notification dated 16th February, 2015, issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) with effect from April 1, 2018.

2. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these Standalone Ind AS Financial Statements are set out as below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of Preparation and Presentation of Standalone Ind AS Financial Statements

(i) Compliance with Ind AS

These standalone financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 ("the Act") read together with the Companies (Indian Accounting Standards) Rules, 2016 (as amended) and other relevant provisions of the Act and other accounting principles generally accepted in India.

(ii) Historical Cost Convention

These financial statements have been prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values.

(iii) Use of Estimates and Judgements

The preparation of the financial statements in conformity with IND AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates

**Notes to the Standalone Financial Statements for the year ended 31st March, 2023**

could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

(iv) Fair value measurements**Fair value hierarchy**

Fair value is the price that would be received on sale of an asset or paid on derecognition of a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorises assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurements.

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: Inputs other than quoted price including within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

If one or more of the significant inputs is not based on observable market data, the fair value is determined using generally accepted pricing models based on a discounted cash flow analysis, with the most significant input being the discount rate that reflects the credit risk of counterparty. This is the case with listed instruments where market is not liquid and for unlisted instruments.

The management consider that the carrying amounts of financial assets (other than those measured at fair values) and liabilities recognized in the financial statements approximate their fair value as on March 31, 2022 and March 31, 2021.

Notes to the Standalone Financial Statements for the year ended 31st March, 2023

There has been no change in the valuation methodology for Level 3 inputs during the year. There were no transfers between Level 1 and Level 2 during the year.

(b) Cash and Cash Equivalents

Cash and cash equivalents comprise cash at banks and on hand, which are subject to an insignificant risk of change in value.

(c) Accounting for Taxes on Income

Income Tax expenses comprise current tax and deferred tax charge or credit.

(i) Current Tax

Current tax is measured on the basis of estimated taxable income for the current accounting period in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

(ii) Deferred Tax

Deferred Tax assets and liabilities is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes (i.e., tax base). Deferred tax is also recognized for carry forward of unused tax losses and unused tax credits.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period. The Company reduces the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or that entire deferred tax asset to be utilized. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized either in other comprehensive income or in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Notes to the Standalone Financial Statements for the year ended 31st March, 2023

(d) PROPERTY, PLANT AND EQUIPMENT

(i) Tangible Assets

Transition to Ind AS

The Company has elected to continue with the carrying value of all of its property, plant and equipment and investment property recognised as of 1 April, 2018 (the transition date) measured as per the previous GAAP and use such carrying value as its deemed cost as of the transition date.

Recognition and Measurement

Property, plant and equipment held for use in the production or/and supply of goods or services, or for administrative purposes, are stated in the balance sheet at historical cost less any accumulated depreciation and accumulated impairment losses (if any). Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Profit or loss arising on the disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

Subsequent Measurement

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced.

Depreciation and Amortization

Depreciation on Property, Plant & Equipment is provided under Written Down Method at rates determined based on the useful life of the respective assets and the residual values in accordance with Schedule II of the Companies Act, 2013 or as reassessed by the Company based on the technical evaluation.

Depreciation on additions (disposals) during the year is provided on a pro-rata basis i.e., from (up to) the date on which asset is ready for use (disposed of).

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

Disposal of Assets

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

Notes to the Standalone Financial Statements for the year ended 31st March, 2023

(e) Revenue Recognition

Revenue is measured at fair value of the consideration received or receivable. Revenue is recognised when (or as) the Companies satisfy a performance obligation by transferring a promised goods or service to a customer.

(i) Interest Income

Interest income is recognised using the effective interest rate, except in the case of non-performing assets where it is recognized, upon realization, as per the Prudential Norms/Directions of RBI, as applicable to NBFC's.

(ii) Dividend Income

Dividend income is recognised when the right to receive payment is established.

(iii) Income from investment

Profit / (loss) earned from sale of securities is recognised on trade date basis. The cost of securities is computed based on FIFO basis.

(iv) All other income are accounted for on accrual basis unless otherwise specified

(f) Employee Benefits

(i) Short term Employee benefits are accrued in the year services are rendered by the employees.

(ii) Contribution to defined contribution plans such as Provident Fund etc. is being made in accordance with the statute and are recognized as and when incurred. Contribution to defined benefit plans consisting of contribution to gratuity are determined at close of the year at present value of the amount payable using actuarial valuation techniques. Actuarial gain and losses arising from experience adjustments and changes in actuarial assumptions are recognized in other comprehensive income. Other costs recognised in the Statement of Profit or Loss.

(iii) Other long term employee benefits consisting of Leave encashment are determined at close of the year at present value of the amount payable using actuarial valuation techniques. The changes in the amount payable including actuarial gain or loss are recognised in the Statement of Profit or Loss.

(g) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Notes to the Standalone Financial Statements for the year ended 31st March, 2023

(i) Financial assets

Recognition and Initial Measurement:

All financial assets are initially recognized when the company becomes a party to the contractual provisions of the instruments. A financial asset is initially measured at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Classification and Subsequent Measurement:

For purposes of subsequent measurement, financial assets are classified in four categories:

- Measured at Amortized Cost;
- Measured at Fair Value Through Other Comprehensive Income (FVTOCI);
- Measured at Fair Value Through Profit or Loss (FVTPL);
- Equity Instruments measured at Fair Value Through Other Comprehensive Income (FVTOCI). Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.
- Measured at Amortized Cost: A debt instrument is measured at the amortized cost if both the following conditions are met:
 - The asset is held within a business model whose objective is achieved by both collecting contractual cash flows; and
 - The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method.

- Measured at FVTOCI: A debt instrument is measured at the FVTOCI if both the following conditions are met:
 - The objective of the business model is achieved by both collecting contractual cash flows and selling the financial assets; and
 - The asset's contractual cash flows represent SPPI.

Debt instruments meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at fair value with any gains or losses arising on re-measurement recognized in other comprehensive income, except for impairment gains or losses and foreign exchange gains or losses. Interest calculated using the effective interest method is recognized in the statement of profit and loss in investment income.

Notes to the Standalone Financial Statements for the year ended 31st March, 2023

- Measured at FVTPL: FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.
- Equity Instruments measured at FVTOCI: All equity investments in scope of Ind AS – 109 are measured at fair value. Equity instruments which are, held for trading are classified as at FVTPL. For all other equity instruments, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable. In case the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment.

Derecognition

The Company derecognizes a financial asset on trade date only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses (ECL) in associates with its debt instruments carried at amortised cost and with the exposure arising from loan commitments and other financial assets. The company recognises a loss allowance for such losses at each reporting date.

The measurement of ECL reflects:

- An unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecast of future economic conditions.

The measurement of the ECL allowance is an area that requires the use of complex models and significant assumptions about future economic conditions and credit behaviour (e.g. the likelihood of customer defaulting and the resulting losses).

Write-off policy

The Company writes off financial assets, in whole or part, when it has exhausted all practical recovery efforts and has conducted there is no reasonable expectation of recovery.

Notes to the Standalone Financial Statements for the year ended 31st March, 2023

(ii) Financial Liabilities

Recognition and Initial Measurement:

Financial liabilities are classified, at initial recognition, as at fair value through profit or loss, loans and borrowings or payables, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent Measurement:

Financial liabilities are measured subsequently at amortized cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in statement of profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Interest expense and foreign exchange gains and losses are recognized in statement of profit or loss. Any gain or loss on derecognition is also recognized in statement of profit or loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

(h) Investment in associates

The Company accounts for its investments in associates at cost less accumulated impairment, if any.

(i) Earnings per Share

Basic Earnings per share (EPS) amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year. Diluted EPS amounts are calculated by dividing the profit attributable to equity holders adjusted for the effects of potential equity shares by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

Notes to the Standalone Financial Statements for the year ended 31st March, 2023

(j) Impairment of non-financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher on an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows which are largely independent of the cash flows from other assets or group of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(k) Provision, Contingent Liabilities and Contingent Assets, legal or constructive

Provisions are recognised when there is a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

The company makes provision for Standard, Restructured and Non-performing Assets as per the Master Direction - Non-Banking Financial Company –Non-Systemically Important Non-Deposit taking Company (Reserve Bank) Directions, 2016, as amended from time to time. The company also makes additional provision, to the extent considered necessary, and based on the management's best estimate.

A disclosure for contingent liabilities is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. When there is a possible obligation or a present obligation and the likelihood of outflow of resources is remote, no provision or disclosure for contingent liability is made.

Contingent Assets are not recognised but are disclosed when an inflow of economic benefits is probable

Notes to the Standalone Financial Statements for the year ended 31st March, 2023

(1) Critical estimates and judgements

The Company makes estimates and assumptions that affect the amounts recognised in the Standalone Ind AS financial statements, and the carrying amounts of assets and liabilities within the next financial year. Estimates and judgements are continually evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Management also makes certain judgements, apart from those involving estimations, in the process of applying the accounting policies. Judgements that have most significant effect on the amount recognised in the Standalone Ind AS financial statements and estimates that can cause a significant adjustment to the carrying amount of assets and liabilities within the next financial year include the following;

Estimation of fair value of unlisted investment

The fair value of financial instrument that are not traded in an active market is determined using valuation techniques. The Company use its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. For details of key assumptions used and the impact of changes to these assumptions.

Impairment of financial assets using the expected credit loss method

The impairment provisions for financial assets are based on assumptions about risk of default and expected credit loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's history, existing market condition as well as forward looking estimates at the end of each reporting period.

Current Tax

Current tax is measured on the basis of estimated taxable income for the current accounting period in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961.

Deferred Tax

The recognition of deferred tax assets is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. To determine the future taxable profits, reference is made to the latest available profit forecasts. Where the temporary differences are related to losses, relevant tax law is considered to determine the availability of the losses to offset against the future taxable profits. Recognition therefore involves judgement regarding the future financial performance of the Company.

Notes to the Standalone Financial Statements for the year ended 31st March, 2023

Provisions and Contingencies

Provisions and contingencies are based on Management's best estimate of the liabilities based on the facts known at the balance sheet date.

(m) Statement of Cash Flows

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

B. Financial Risk Management					
The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company continues to focus on a system-based approach to business risk management. The Company's financial risk management process seeks to enable the early identification, evaluation and effective management of key risks facing the business. Backed by strong internal control systems, the current Risk Management System rests on policies and procedures issued by appropriate authorities; process of regular reviews / audits to set appropriate risk limits and controls; monitoring of such risks and compliance confirmation for the same.					
(i) Market Risk					
Market risk is the risk of any loss in future earnings, in realisable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in interest rates, foreign currency exchange rates, equity price fluctuations, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.					

Foreign currency risk

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate due to changes in foreign exchange rates. Currently the Company does not have any foreign currency exposure.

Interest rate risk

The main business of the Company is providing inter corporate deposits and investment in equity shares and Mutual funds. These activities expose us to interest rate risk.

Interest rate risk is measured through earnings at risk from an earning perspective. The Company monitors the change in economic value of equity arising out of change in the Interest rate. Further, an interest rate sensitivity gap report is prepared by classifying all rate sensitive assets into various time period categories according to earliest of contracted/behavioural maturities or anticipated re-pricing date. The difference in the amount of rate sensitive assets maturing or being re-priced in any time period category, gives an indication of the extent of exposure to the risk of potential changes in the margins on new or re-priced assets.

Further there is no borrowing availed by the company during the year as well as previous year, hence no interest rate risk relating to financial liabilities.

Equity Price Risk

Equity price risk is related to change in market reference price of investments in equity securities held by the Company.

The fair value of quoted investments held by the Company exposes the Company to equity price risks. In general, these investments are not held for trading purposes. The fair value of quoted investments in equity, classified as fair value through other comprehensive income as at March 31, 2023 and March 31, 2022 was Rs. 9.39 crore and Rs. 8.55 crore, respectively.

A 10% change in equity prices of such securities held as at March 31, 2023 and March 31, 2022, would result in an impact of Rs. 0.94 crore and Rs. 0.86 crore respectively on equity before considering tax impact.

(ii) Liquidity Risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligation associated with financial liabilities that are settled by delivering cash or other financial assets. The Company mitigates its liquidity risks by ensuring timely collections of its receivables and close monitoring of its credit cycle.

(iii) Credit Risk

Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of credit worthiness as well as concentration risks.

Financial instruments that are subject to credit risk and concentration thereof principally consist of loans receivables and mutual funds and other financial assets. None of the financial instruments of the Company result in material concentration of credit risk except some loans made by the company and against which sufficient provision for expected credit loss has been provided.

The carrying value of financial assets represents the credit risk. The exposure to credit risk was Rs. 0.5986 crore and Rs. 2.38 crore, as at March 31, 2023 and March 31, 2022 respectively, being the total carrying value of loan receivables and mutual funds.

(iv) Capital Management Risk

The Reserve Bank of India (RBI) sets and monitors capital adequacy requirements for the Company from time to time. The Company's policy is to maintain a strong capital base for future development of the business. For the purpose of Company's capital management, capital includes issued capital and all other equity attributable to equity shareholders of the Company. As at 31st March, 2023, the Company has only one class of equity shares and has no debt.

(v) Expected Credit Loss

Ind AS 109 outlines a 'three stages' model for impairment based on changes in credit quality since initial recognition as summarized below. The objective of the impairment requirements is to recognize life time expected credit loss (ECLs) on all financial instrument for which there have been significant increase in credit risk since initial recognition – whether assessed on an individual or collective basis.

At the reporting date, an allowance (or provision for loan and advances) is required on stage 1 assets at 12 month ECLs. If the credit risk has significantly increased since initial recognition (Stage 1), an allowance (or provision) should be recognised for the lifetime ECLs for financial instruments for which the credit risk has increased significantly since initial recognition (Stage 2) or which are credit impaired (Stage 3).

The measurement of ECL is calculated using three main components:

- (i) Probability of Default (PD)
- (ii) Loss Given Default (LGD) and
- (iii) the Exposure At Default (EAD).

The 12 month ECL is calculated by multiplying the 12 month PD, LGD and the EAD.

The 12 month and lifetime PDs represent the PD occurring over the next 12 months and the remaining maturity of the instrument respectively.

The EAD represents the expected balance at default, taking into account the repayment of principal and interest from the balance sheet date to the default event together with any expected drawdowns of committed facilities.

The LGD represents expected losses on the EAD given the event of default, taking into account, among other attributes, the mitigating effect of collateral value at the time it is expected to be realised and the time value of money.

Probability of default represents the likelihood of a borrower defaulting on its financial obligation either over the next 12 months (12M PD) or over the remaining lifetime (Lifetime PD) of the obligation.

Exposure at Default (EAD) is the total amount of an asset the entity is exposed to at the time of default. EAD is define based on the characteristics of the assets. EAD is dependent on the outstanding exposure of an assets sanctioned amount of loan and credit conversion factor for non-funded exposure.

Loan Given Default (LGD) it is part of an assets which is lost provided the assets default. The recovery rate is derive as a ratio of discounted value of recovery cash flow (incorporating the recovery time) to total exposure of amount at the time of default.

The Company assesses when a significant increase in credit risk has occurred based on quantitative and qualitative assessments. Exposures are considered to have resulted in a significant increase in credit risk and are moved to Stage 2 when:

i. Quantitative test: Accounts that are 30 calendar days or more past due move to Stage 2 automatically. Accounts that are 90 calendar days or more past due move to Stage 3 automatically.

ii. Qualitative test: Accounts that meet the portfolio's 'high risk' criteria and are subject to closer credit monitoring. High risk customers may not be in arrears but either through an event or an observed behaviour exhibit credit distress.

iii. Reversal in Stages: Exposures will move back to Stage 2 or Stage 1 respectively, once they no longer meet the quantitative criteria set out above. For exposures classified using the qualitative test, when they no longer meet the criteria for a significant increase in credit risk and when any cure criteria used for credit risk management are met.

The definition of default for the purpose of determining ECLs has been aligned to the RBI definition of default, which considers indicators that the debtor is unlikely to pay and is no later than when the exposure is more than 90 days past due. The Company continues to incrementally provide for the asset post initial recognition in Stage 3, based on its estimate of the recovery.

25 Previous year figures have been reclassified/regrouped wherever necessary.

Independent Auditor's Report

**To the Members of
KABIRDAS INVESTMENT LIMITED**

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of M/s KABIRDAS INVESTMENTS LIMITED ('the Holding Company') and its associates (the Holding Company and its associates together referred to as 'the Group'), as listed in Paragraph 13 which comprise the Consolidated Balance Sheet as at 31 March 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the management on separate financial statements and on the other financial information of the associates, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at 31 March 2023, and their consolidated loss (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

3. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the management in terms of their reports referred to in paragraph 15 of the Other Matters section below, is sufficient and appropriate to provide a basis for our opinion.

4. Key Audit Matter

Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the management on separate financial statements and on the other financial information of the associates, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no other key audit matters to communicate in our report.

Information other than financial statements and auditors' report thereon

5. The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements.

6. The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. The respective Board of Directors/management of the companies included in the Group are responsible for

maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

7. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
8. That Board of Directors are also responsible for overseeing the financial reporting process of the companies included in the Group.

Auditor's Responsibilities for the Audit of the Financial Statements

9. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
10. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

Our Reference.....

Date.....

- b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern;
 - e. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - f. Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group, to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the financial statements, of which we are the independent auditors. For the other entities included in the financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
- 11.** We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 12.** We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

13. The consolidated financial statements also include the Group's share of net loss (including other comprehensive income) of ₹ 18.14 thousands for the year ended 31 March 2023, as considered in the consolidated financial statements, in respect of three associates, viz. M/s Kinetic Vanijya Pvt Ltd; M/s Faith Suppliers Pvt Ltd & M/s N Marshall Hitech Engineers Pvt Ltd whose financial statements have not been audited by us. In respect of two associates, those financial statements have been audited by other auditors whose reports have been furnished to us by the management and in respect of one associate, the financial information has been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these associates, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid associates, are based solely on the reports of the management.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the management and other auditors.

Report on Other Legal and Regulatory Requirements

14. As required by clause (xxi) of paragraph 3 of Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act based on the consideration of the Order reports issued by us and by the respective other auditors as mentioned in paragraph 13 above, of companies included in the consolidated financial statements and covered under the Act we report that there are no qualifications or adverse remarks reported in the respective Order reports of such companies.
15. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the management and other auditors on separate financial statements and other financial information of the associates, we report, to the extent applicable, that:
- a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - b) in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the management;

Annexure A

INDEPENDENT AUDITOR'S REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

1. In conjunction with our audit of the consolidated financial statements of the Kabirdas Investments Limited ("the holding company") and its associate, (the holding company and its associates together referred to as "the group"), as of and for the year ended 31 March 2023, we have audited the internal financial controls over financial reporting (IFCoFR) of the holding company, which is a company incorporated in India, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

2. The respective board of directors of the holding company, which is a company incorporated in India, is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to the company's policies, the safeguarding of the company's assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the IFCoFR of the Holding Company as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note"), issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.

Our Reference.....

Date.....

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the IFCoFR of the Holding Company, as aforesaid.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that the IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company which is a company incorporated in India, has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal financial controls over financial reporting issued by ICAI. We are unable to express any opinion on the adequacy and effectiveness of IFCoFR regarding the three associate companies remaining unaudited.

Other Matter

9. The consolidated financial statements also include the Group's share of net loss (including other comprehensive income) of ₹ 18.14 thousands for the year ended 31 March 2023, as considered in the consolidated financial statements, in respect of three associates. In respect of two associates, those financial statements have been audited by other auditors whose reports have been furnished to us by the management and in respect of one associate, the financial information has been furnished to us by the management. Our report on the adequacy and operating effectiveness of the IFCoFR for the Company, and its associate company, which is a company incorporated in India, under Section 143(3)(i) of the Act insofar as it relates to the aforesaid associate company, which is company incorporated in India, is solely based on the corresponding report of the auditor of such company. Our opinion is not modified in respect of the above matter with respect to our reliance on the work done by and the report of the other auditor.

The Company is registered as Non-Systematically Important, Non-Deposit taking Non-Banking Financial Company ('NBFC') as defined under Section 45-IA of the Reserve Bank of India Act, 1934.

In accordance with the notification dated 16th February, 2015, issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) with effect from April 1, 2018.

2. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these Consolidated Ind AS Financial Statements are set out as below. These policies have been consistently applied to all the years presented, unless otherwise stated.

a. Basis of Preparation and Presentation of Consolidated Ind AS Financial Statements**(a) Principles of Consolidation**

The Consolidated Financial Statements relates to Kabirdas Investments Limited (the Parent Company), and its associates as below. The details are as given below:

SL No	Name of Companies	Country of Incorporation/Formation	% of Voting Power/Profit sharing as on 31.03.23	% of Voting Power/Profit sharing as on 31.03.22
Associates				
1	Faith Suppliers Pvt Ltd	India	35.21%	35.21%
2	Kinetic Vanijya Pvt. Ltd.	India	35.21%	35.21%
3	N Marshall Hitech Engineers Pvt Ltd	India	33.96%	33.96%

(i) Investments in Associates are accounted in accordance with IND AS-28 on "Investments in Associates and Joint Ventures", under "equity method". Unrealised profit/loss are eliminated other than in respect of transactions pertaining to non depreciable assets.

(ii) For the purpose of this consolidation, the unaudited financial statements for the financial year 2022-23 of three of the associates viz. Faith Suppliers Pvt Limited,

Kinetic Vanijya Pvt Limited & N Marshall Hitech Engineers Pvt. Ltd. as certified by the management has been considered.

(iii) As far as possible, the Consolidated Financial Statements are prepared using uniform accounting policies for similar material transactions and other events in similar circumstances otherwise as stated elsewhere.

(iv) The difference between the costs of investment in the associates, over the net assets at the time of acquisition of shares in the associates is recognized in the Consolidated Financial Statements as Goodwill or Capital Reserves as the case may be.

(v) The disclosures relating to the Associates are by considering the impact of proportionate investment by the Parent Company, as applicable.

(vi) Investments other than in associates have been accounted as per IND AS 32 & IND AS 109- Financial Instruments.

(vii) There is cross holding among the Holding Company and its two associates and accordingly the Consolidated Financial Statements of the Holding Company has been prepared considering the unaudited Standalone Financial Statements of those Associates.

(iii) Use of Estimates and Judgements

The preparation of the financial statements in conformity with IND AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

(iv) Fair value measurements**Fair value hierarchy**

Fair value is the price that would be received on sale of an asset or paid on derecognition of a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorises assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurements.

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: Inputs other than quoted price including within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

KABIRDAS INVESTMENTS LIMITED

CIN: L65993WB1974PLC157598

Notes to the Consolidated Financial Statements for the year ended 31st March, 2023

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

If one or more of the significant inputs is not based on observable market data, the fair value is determined using generally accepted pricing models based on a discounted cash flow analysis, with the most significant input being the discount rate that reflects the credit risk of counterparty. This is the case with listed instruments where market is not liquid and for unlisted instruments.

The management consider that the carrying amounts of financial assets (other than those measured at fair values) and liabilities recognized in the financial statements approximate their fair value as on March 31, 2021, March 31, 2020 and April 1, 2019.

There has been no change in the valuation methodology for Level 3 inputs during the year. The Company has not classified any material financial instruments under Level 3 of the fair value hierarchy. There were no transfers between Level 1 and Level 2 during the year.

(b) Cash and Cash Equivalents

Cash and cash equivalents comprise cash at banks and on hand, which are subject to an insignificant risk of change in value.

(c) Accounting for Taxes on Income

Income Tax expenses comprise current tax and deferred tax charge or credit.

(i) Current Tax

Current tax is measured on the basis of estimated taxable income for the current accounting period in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

(ii) Deferred Tax

Deferred Tax assets and liabilities is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes (i.e., tax base). Deferred tax is also recognized for carry forward of unused tax losses and unused tax credits.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period. The Company reduces the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or that entire deferred tax asset to be utilized. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized either in other comprehensive income or in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

(d) PROPERTY, PLANT AND EQUIPMENT**(i) Tangible Assets****Transition to Ind AS**

The Company has elected to continue with the carrying value of all of its property, plant and equipment and investment property recognised as of 1 April, 2018 (the transition date) measured as per the previous GAAP and use such carrying value as its deemed cost as of the transition date.

Recognition and Measurement

Property, plant and equipment held for use in the production or/and supply of goods or services, or for administrative purposes, are stated in the balance sheet at historical cost less any accumulated depreciation and accumulated impairment losses (if any). Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Profit or loss arising on the disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

Subsequent Measurement

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced.

Depreciation and Amortization

Depreciation on Property, Plant & Equipment is provided under Written Down Method at rates determined based on the useful life of the respective assets and the residual values in accordance with Schedule II of the Companies Act, 2013 or as reassessed by the Company based on the technical evaluation.

Depreciation on additions (disposals) during the year is provided on a pro-rata basis i.e., from (up to) the date on which asset is ready for use (disposed of).

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

Notes to the Consolidated Financial Statements for the year ended 31st March, 2023

Disposal of Assets

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

(e) Revenue Recognition

Revenue is measured at fair value of the consideration received or receivable. Revenue is recognised when (or as) the Companies satisfy a performance obligation by transferring a promised goods or service to a customer.

(i) Interest Income

Interest income is recognised using the effective interest rate, except in the case of non-performing assets where it is recognized, upon realization, as per the Prudential Norms/Directions of RBI, as applicable to NBFC's.

(ii) Dividend Income

Dividend income is recognised when the right to receive payment is established.

(iii) Income from investment

Profit / (loss) earned from sale of securities is recognised on trade date basis. The cost of securities is computed based on FIFO basis.

(iv) All other income are accounted for on accrual basis unless otherwise specified

(f) Employee Benefits

(i) Short term Employee benefits are accrued in the year services are rendered by the employees.

(ii) Contribution to defined contribution plans such as Provident Fund etc. is being made in accordance with the statute and are recognized as and when incurred. Contribution to defined benefit plans consisting of contribution to gratuity are determined at close of the year at present value of the amount payable using actuarial valuation techniques. Actuarial gain and losses arising from experience adjustments and changes in actuarial assumptions are recognized in other comprehensive income. Other costs recognised in the Statement of Profit or Loss.

(iii) Other long term employee benefits consisting of Leave encashment are determined at close of the year at present value of the amount payable using actuarial valuation techniques. The changes in the amount payable including actuarial gain or loss are recognised in the Statement of Profit or Loss.

(g) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial assets**Recognition and Initial Measurement:**

All financial assets are initially recognized when the company becomes a party to the contractual provisions of the instruments. A financial asset is initially measured at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Classification and Subsequent Measurement:

For purposes of subsequent measurement, financial assets are classified in four categories:

- Measured at Amortized Cost;
- Measured at Fair Value Through Other Comprehensive Income (FVTOCI);
- Measured at Fair Value Through Profit or Loss (FVTPL);
- Equity Instruments measured at Fair Value Through Other Comprehensive Income (FVTOCI). Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.
- Measured at Amortized Cost: A debt instrument is measured at the amortized cost if both the following conditions are met:
 - The asset is held within a business model whose objective is achieved by both collecting contractual cash flows; and
 - The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method.

- Measured at FVTOCI: A debt instrument is measured at the FVTOCI if both the following conditions are met:
 - The objective of the business model is achieved by both collecting contractual cash flows and selling the financial assets; and
 - The asset's contractual cash flows represent SPPI.

Debt instruments meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at fair value with any gains or losses arising on re-measurement recognized in other comprehensive income, except for impairment gains or losses and foreign exchange gains or losses. Interest calculated using the effective interest method is recognized in the statement of profit and loss in investment income.

KABIRDAS INVESTMENTS LIMITED**CIN: L65993WB1974PLC157598****Notes to the Consolidated Financial Statements for the year ended 31st March, 2023**

- Measured at FVTPL: FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

- Equity Instruments measured at FVTOCI: All equity investments in scope of Ind AS – 109 are measured at fair value. Equity instruments which are, held for trading are classified as at FVTPL. For all other equity instruments, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable. In case the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment.

Derecognition

The Company derecognizes a financial asset on trade date only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses (ECL) in associates with its debt instruments carried at amortised cost and with the exposure arising from loan commitments and other financial assets. The company recognises a loss allowance for such losses at each reporting date.

The measurement of ECL reflects:

- An unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecast of future economic conditions.

The measurement of the ECL allowance is an area that requires the use of complex models and significant assumptions about future economic conditions and credit behaviour (e.g. the likelihood of customer defaulting and the resulting losses).

Write-off policy

The Company writes off financial assets, in whole or part, when it has exhausted all practical recovery efforts and has conducted there is no reasonable expectation of recovery.

(ii) Financial Liabilities**Recognition and Initial Measurement:**

Financial liabilities are classified, at initial recognition, as at fair value through profit or loss, loans and borrowings or payables, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent Measurement:

Financial liabilities are measured subsequently at amortized cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in statement of profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Interest expense and foreign exchange gains and losses are recognized in statement of profit or loss. Any gain or loss on derecognition is also recognized in statement of profit or loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

(h) Investment in associates

The Company accounts for its investments in associates at cost less accumulated impairment, if any.

(i) Earnings per Share

Basic Earnings per share (EPS) amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year. Diluted EPS amounts are calculated by dividing the profit attributable to equity holders adjusted for the effects of potential equity shares by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

(j) Impairment of non-financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher on an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows which are largely independent of the cash flows from other assets or group of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

Notes to the Consolidated Financial Statements for the year ended 31st March, 2023

(k) Provision, Contingent Liabilities and Contingent Assets, legal or constructive

Provisions are recognised when there is a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

The company makes provision for Standard, Restructured and Non-performing Assets as per the Master Direction - Non-Banking Financial Company –Non-Systemically Important Non-Deposit taking Company (Reserve Bank) Directions, 2016, as amended from time to time. The company also makes additional provision, to the extent considered necessary, and based on the management's best estimate.

A disclosure for contingent liabilities is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. When there is a possible obligation or a present obligation and the likelihood of outflow of resources is remote, no provision or disclosure for contingent liability is made.

Contingent Assets are not recognised but are disclosed when an inflow of economic benefits is probable

(l) Critical estimates and judgements

The Company makes estimates and assumptions that affect the amounts recognised in the Consolidated Ind AS financial statements, and the carrying amounts of assets and liabilities within the next financial year. Estimates and judgements are continually evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Management also makes certain judgements, apart from those involving estimations, in the process of applying the accounting policies. Judgements that have most significant effect on the amount recognised in the Standalone Ind AS financial statements and estimates that can cause a significant adjustment to the carrying amount of assets and liabilities within the next financial year include the following;

Estimation of fair value of unlisted investment

The fair value of financial instrument that are not traded in an active market is determined using valuation techniques. The Company use its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. For details of key assumptions used and the impact of changes to these assumptions.

Impairment of financial assets using the expected credit loss method

The impairment provisions for financial assets are based on assumptions about risk of default and expected credit loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's history, existing market condition as well as forward looking estimates at the end of each reporting period.

Current Tax

Current tax is measured on the basis of estimated taxable income for the current accounting period in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961

Deferred Tax

The recognition of deferred tax assets is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. To determine the future taxable profits, reference is made to the latest available profit forecasts. Where the temporary differences are related to losses, relevant tax law is considered to determine the availability of the losses to offset against the future taxable profits. Recognition therefore involves judgement regarding the future financial performance of the Company.

Provisions and Contingencies

Provisions and contingencies are based on Management's best estimate of the liabilities based on the facts known at the balance sheet date.

(m) Statement of Cash Flows

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

(i)	Market Risk					

KABIRDAS INVESTMENTS LIMITED**CIN: L65993WB1974PLC157598****Notes to the Consolidated Financial Statements for the year ended 31st March, 2023**

(Figures in Thousands)

Market risk is the risk of any loss in future earnings, in realisable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in interest rates, foreign currency exchange rates, equity price fluctuations, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

Foreign currency risk

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate due to changes in foreign exchange rates. Currently the Company does not have any foreign currency exposure.

Interest rate risk

The main business of the Company is providing inter corporate deposits and investment in equity shares and Mutual funds. These activities expose us to interest rate risk.

Interest rate risk is measured through earnings at risk from an earning perspective. The Company monitors the change in economic value of equity arising out of change in the Interest rate. Further, an interest rate sensitivity gap report is prepared by classifying all rate sensitive assets into various time period categories according to earliest of contracted/behavioural maturities or anticipated re-pricing date. The difference in the amount of rate sensitive assets maturing or being re-priced in any time period category, gives an indication of the extent of exposure to the risk of potential changes in the margins on new or re-priced assets. Further there is no borrowing availed by the company during the year as well as previous year, hence no interest rate risk relating to financial liabilities.

Equity Price Risk

Equity price risk is related to change in market reference price of investments in equity securities held by the Company.

The fair value of quoted investments held by the Company exposes the Company to equity price risks. In general, these investments are not held for trading purposes. The fair value of quoted investments in equity, classified as fair value through other comprehensive income as at March 31, 2023 and March 31, 2022 was Rs. 9.39 crore and Rs. 8.55 crore, respectively.

A 10% change in equity prices of such securities held as at March 31, 2023 and March 31, 2022, would result in an impact of Rs. 0.94 crore and Rs. 0.86 crore respectively on equity before considering tax impact.

(ii) Liquidity Risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligation associated with financial liabilities that are settled by delivering cash or other financial assets. The Company mitigates its liquidity risks by ensuring timely collections of its receivables and close monitoring of its credit cycle.

(iii) Credit Risk

Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of credit worthiness as well as concentration risks.

Financial instruments that are subject to credit risk and concentration thereof principally consist of loans receivables and mutual funds and other financial assets. None of the financial instruments of the Company result in material concentration of credit risk except some loans made by the company and against which sufficient provision for expected credit loss has been provided.

The carrying value of financial assets represents the credit risk. The exposure to credit risk was Rs. 0.5986 crore and Rs. 2.38 crore, as at March 31, 2023 and March 31, 2022 respectively, being the total carrying value of loan receivables and mutual funds.

(iv) Capital Management Risk

The Reserve Bank of India (RBI) sets and monitors capital adequacy requirements for the Company from time to time. The Company's policy is to maintain a strong capital base for future development of the business. For the purpose of Company's capital management, capital includes issued capital and all other equity attributable to equity shareholders of the Company. As at 31st March, 2021, the Company has only one class of equity shares and has no debt.

(v) Expected Credit Loss

Ind AS 109 outlines a 'three stages' model for impairment based on changes in credit quality since initial recognition as summarized below. The objective of the impairment requirements is to recognize life time expected credit loss (ECLs) on all financial instrument for which there have been significant increase in credit risk since initial recognition – whether assessed on an individual or collective basis.

At the reporting date, an allowance (or provision for loan and advances) is required on stage 1 assets at 12 month ECLs. If the credit risk has significantly increased since initial recognition (Stage 1), an allowance (or provision) should be recognised for the lifetime ECLs for financial instruments for which the credit risk has increased significantly since initial recognition (Stage 2) or which are credit impaired (Stage 3).

KABIRDAS INVESTMENTS LIMITED**CIN: L65993WB1974PLC157598****Notes to the Consolidated Financial Statements for the year ended 31st March, 2023**

(Figures in Thousands)

The measurement of ECL is calculated using three main components:

- (i) Probability of Default (PD)
- (ii) Loss Given Default (LGD) and
- (iii) the Exposure At Default (EAD).

The 12 month ECL is calculated by multiplying the 12 month PD, LGD and the EAD.

The 12 month and lifetime PDs represent the PD occurring over the next 12 months and the remaining maturity of the instrument respectively.

The EAD represents the expected balance at default, taking into account the repayment of principal and interest from the balance sheet date to the default event together with any expected drawdowns of committed facilities.

The LGD represents expected losses on the EAD given the event of default, taking into account, among other attributes, the mitigating effect of collateral value at the time it is expected to be realised and the time value of money.

Exposure at Default (EAD) is the total amount of an asset the entity is exposed to at the time of default. EAD is define based on the characteristics of the assets. EAD is dependent on the outstanding exposure of an assets sanctioned amount of loan and credit conversion factor for non-funded exposure.

Loan Given Default (LGD) it is part of an assets which is lost provided the assets default. The recovery rate is derive as a ratio of discounted value of recovery cash flow (incorporating the recovery time) to total exposure of amount at the time of default.

The Company assesses when a significant increase in credit risk has occurred based on quantitative and qualitative assessments. Exposures are considered to have resulted in a significant increase in credit risk and are moved to Stage 2 when:

- i. Quantitative test: Accounts that are 30 calendar days or more past due move to Stage 2 automatically. Accounts that are 90 calendar days or more past due move to Stage 3 automatically.
- ii. Qualitative test: Accounts that meet the portfolio's 'high risk' criteria and are subject to closer credit monitoring. High risk customers may not be in arrears but either through an event or an observed behaviour exhibit credit distress.
- iii. Reversal in Stages: Exposures will move back to Stage 2 or Stage 1 respectively, once they no longer meet the quantitative criteria set out above. For exposures classified using the qualitative test, when they no longer meet the criteria for a significant increase in credit risk and when any cure criteria used for credit risk management are met.

The definition of default for the purpose of determining ECLs has been aligned to the RBI definition of default, which considers indicators that the debtor is unlikely to pay and is no later than when the exposure is more than 90 days past due. The Company continues to incrementally provide for the asset post initial recognition in Stage 3, based on its estimate of the recovery.

26 Previous year figures have been reclassified/regrouped wherever necessary.
